

## FormFox Release 2024.1: **January 18th, 2024**

### ENHANCEMENTS

- **New OHS Event Captures Available:** EKG, Respirator fit- Quantitive and Chest X-ray with B read have been added as occupational health services that can be done as event captures in FormFox.
- **New MER and MEC added to FormFox:** The federal government have updated the Medical Examination Report and the Medical Examination Certificate. The new forms have been added to FormFox.
- **Open Events Pop-up Window:** When a user lands on the FormFox home page, they will no longer see the Open Events pop-up window. Instead, the open event button on the left side of the home page will be red when users have open events.
- **Collector Notes: Letter of Memorandum:** FormFox will now create a letter of memorandum if a user enters collector comments more than 250 characters.

### BUG FIXES

- **FormFox Reports:** In the reports section of FormFox, users can now create reports for collection detail by account, collection summary by account and collector productivity without encountering errors.
- **Test Events Detail Page: Updated Comments Section:** The length of the comment section is now dynamic so it will expand to accept longer comments and will not spill into the billing section.
